

## Administrative Update

Dear FCA Family,  
 Easter is often described as the Season of Hope. If there was ever a time when the world could use hope, it is now. Hope, however, is one of those words that gets used so casually that it can sometimes lose its meaning. "I hope it doesn't rain today." "I hope I get a good grade on my test." "One can hope." When the word hope is used in these ways, it can take on a nonchalant meaningless tone. Something might happen if we hope for it, but it also might not happen with little consequence if it doesn't. The true meaning of the word can get lost. Thankfully, as Christians we can use the Easter season as an opportunity to let the people in our lives know that our hope in Christ is not a nonchalant meaningless kind of hope, but is instead a Merriam-Webster kind of hope. Hope means to "desire with expectation of obtainment or fulfillment; to expect with confidence." When we place our hope in Him, we can expect with confidence to be seated with him in Heaven one day. The FCA administration and staff wishes you a blessed and happy Easter filled with the hope of Jesus Christ. "Praise be to the God and Father of our Lord Jesus Christ! In his great mercy he has given us new birth into a living hope through the resurrection of Jesus Christ from the dead (1 Peter 1:3). The attached table tent can be used to help inspire your family as you share the hope of Christ with others.

## News from the Nurse

Over Spring Break, I encourage you to get outside, get moving and soak up some fresh air. You could create an obstacle course with items from your house, go on a scavenger hunt around your neighborhood or have a picnic in your yard. Or, take a walk in a state park, being sure to follow the safety recommendations from the CDC. As an added benefit, being in the sun helps your body produce vitamin D, which helps keep your muscles, nerves and immune system healthy. [Focus on the Family](#) has some more great ideas!
