Administrative Update

We are quickly approaching the final stretch of the school year. While our focus has largely remained on the many changes and adjustments brought by distance learning, we have not lost sight of the joy that comes from the progress and achievement of our students. Whether it is mastering long division or receiving a diploma, our teachers have been eager to share and celebrate the success of their students. While our graduation ceremony and celebrations will look very different this year, the staff is more committed than ever to celebrating our seniors, and we are inviting all of you to join us.

Last week Mrs. Kumler got the party started by surprising all of the seniors with yard signs. We are working on a project to compile a picture and message from each family to the senior class. We want our seniors to feel the love and pride of their FCA family as they close this chapter and begin a new journey. This coming week you will receive an email with more specifics on how to participate in the "We Love Our Seniors" project!

Craig Carpenter, Superintendent
Laura Putinski, Assistant Superintendent

Health Fun Fact

According to Spectrum Health, if you are tired...

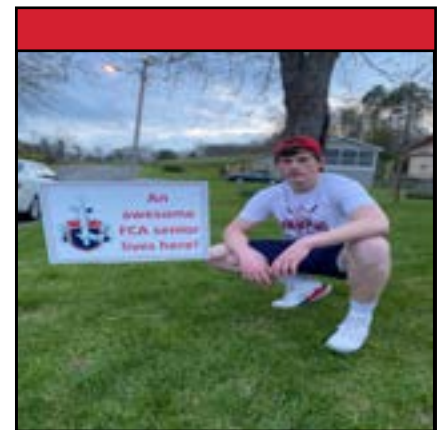

EXERCISE.

Getting up and moving will give you more energy than sitting. Studies have shown that not only will increasing blood flow and oxygen give you more energy, it can improve your mood as well! Higher levels of endorphins can contribute to a feeling of well-being.

Virtual

Field
Day

5/26 - 5/29

Have you seen these signs around town?

HONK
to cheer on our seniors!

Columbus Metro Parks

Have you ever visited the Columbus Metro Parks? They are fantastic places to help you feel closer to God's creation. Did you know that there are 19 parks in the Columbus area to explore? You can take a stroll on more than 230 miles of trails, enjoy activities such as biking, hiking, and even bring your leashed pet for a leisurely walk in the woods. Curious? Visit Columbus' [Get Active page](#) to learn more! Please visit the Metro Parks website to conform to the [Covid19 expectations](#).

Materials Pick Up/Drop Off

In light of the Governor's recent announcement, we know that families will want to come to the school building to retrieve personal belongings. We ask for your patience in this matter. First, the building has been sanitized to keep the staff that are still working on site safe. In addition, we will need students to return textbooks at the same time they retrieve their belongings and we still have much learning to do so textbooks are not ready to be turned in quite yet! That being said, if you have something of great important that you must retrieve now, please call the school between 8-12 and we will arrange a time for you to do so.
