

November 4, 2020

Dear FCA Childcare and Preschool Families,

We would like to take a moment to remind you that all parents and visitors to our building are required to wear a mask during pick up and drop off. We have kept you informed since our reopening that masks are required; however, we are taking this opportunity to send out this official reminder because we have been asked a few questions recently.

Working together we can keep FCA in compliance with state orders and our building policy. Our goal is to keep our programming open and safe for the entire FCA community. The FCA K-12 Reopening Plan and the Knights' Pledge (both located on the FCA website), in addition to the policies and procedures specific to the Childcare and Preschool that were emailed to you throughout the reopening period, are all part of FCA policy and must be followed by all member of the FCA community. Thanks so much for your cooperation in this matter.
