

Are you interested in College Credit Plus?

*Do you attend a **private high school**? Do you participate in **homeschooling**?*

Review how to apply for funding and participation in College Credit Plus!

FUNDING	<ul style="list-style-type: none"> Starting in <u>February</u>, a parent must create a OH ID Account (if you don't already have one) at https://ohid.ohio.gov Once the parent has a OH ID account, follow the online directions for requesting access to the College Credit Plus funding application. Once access to the funding application is granted, complete the Intent to Participate Section before April 1, 2023. The Intent to Participate Form is part of the online funding application. There will be no separate paper form. Complete each section of the funding application & upload the required documents in the parent's OH ID account. SUBMIT the application before the April 1, 2023 deadline! <i>No exceptions & no extensions to the deadline are available.</i> You will receive an email confirmation that you have successfully submitted the application. Each year, Ohio Department of Education processes funding applications and awards credits to students based on grade level. State funding is limited, and credit requests are not always fully funded. Within a few weeks, parents will receive an email notification that the funding award letter is available. Follow the instructions to log-in to OH ID account and download the funding letter. Provide that letter to your college. The application process will begin in February 2023 for the 2023-2024 school year Remember: The deadline is April 1, 2023 at 5 p.m. EST
PARTICIPATION	<ul style="list-style-type: none"> Start early! Check with your preferred university or college for their deadlines. You must have an acceptance letter to submit with your funding application. Take the ACT or SAT, if required, early enough to meet deadlines. Allow at least 6 weeks for your results to be sent to the college or university. Apply to the college or university and submit any required documents (e.g., transcript, ACT scores). If the college or university requires Accuplacer, ALEKS, or Maplesoft T.A., PlaceU, or institutional exam, request a testing date. The college or university will determine your eligibility based on state and institutional requirements. If you are eligible and the college has accepted your application, you will receive an acceptance letter. Once accepted and after you receive your funding award letter, meet with the university or college's College Credit Plus advisor to discuss courses for which you are eligible to take. Provide a copy of your funding award letter to the advisor or other office as instructed.
