| Thurs. March 19 7:00 pm | Fri. March 20 7:00 pm | Sat. March 21 7:00 pm |
|----------------------------|--------------------------|--------------------------|

Athletic Booster Meeting

Have you seen the plans for the field house on the wall at Door B? Great things are in store for FCA athletics! If you are a booster member, please consider joining us the first Monday of every month as we discuss the future of our athletic program.

Winter Homecoming

The Winter Homecoming Dance is an informal event for 9th-12th grade students and will be held on **February 15th** from 7:30 pm-9:30 pm at the Crossroads Ministry Center located at 2095 W. Fair Ave. Tickets will be available for sale beginning February 10th during lunch for \$10.

Knights' Night Out

The carnival planning committee is currently seeking donations for our silent auction. If you have a connection with a local business, consider helping us out! The Knights' Night Out is always a great time for all ages and depends on the generosity and volunteerism of our students, families and community contacts. Please consider donating baked goods to the Bake Walk. You may also contact Heather Keener at hkeener@fcaknights.us to volunteer in one of the following areas: games, bounce house, concessions, prize room or security.

Come watch FCA's Musical!

Set in the 1850s, a pretty young cook named Millie marries Adam, a grizzled woodsman, after a brief courtship. When the two return to Adam's farm, Milly is shocked to meet his six ill-mannered brothers. She promptly begins teaching the brothers proper behavior and how to court a woman. Come support FCA students on **March 19th, 20th or 21st** as they sing and dance their way into your heart!

Camp Invention: Rescue Squad

Children team up to protect the Earth's ecosystems! As they're introduced to real-world challenges in habitats across the country, children build prototypes, explore energy conservation, eliminate pollution and help wildlife. Campers will enjoy exciting competition with zip-line races and recycling games. They will learn how parachutes are used to safely transport animals. They will also experiment to clean up polluted water and protect vulnerable habitats.
