Snow Days and Busing

Many of the local public districts are on a hybrid learning model. So, even when the weather is slightly bad, they might rename a scheduled in person day as a remote learning day. We have been informed that some local school districts will not be providing busses on days they designate as remote learning days in lieu of snow days, even if FCA is in session. Bus arrangements are between families and the local public district, so we encourage you to contact the public district in which you reside if you have any questions about their decision not to provide transportation on any given day.
